Concurrent Show

Be a part of India's largest event for Warehousing Industry

Warehousing Asia is the most renowned and dynamic business-to-business show catering to India's warehousing and logistics industry. With the success story of fifth editions, the show has enjoyed being the sole trading voice for Warehousing Storage, PEB Infrastructure, Automation, Material Handling Solution, Logistics, IT Solutions and Data Storage Solutions, Cold Storages and Warehousing companies have been the permanent target audience for Warehousing Asia as they are the biggest consumers of equipment and technology.

Warehousing Asia extends a unique platform to meet and interact both Indian and International brands. It brings together manufacturers and suppliers to meet end-users, distributors, consultants and other key stakeholders from across the globe. The show empowers visitors and exhibitors to build new and strengthen existing contacts, learn new industry trends, technologies and upgrade their existing products and services.

Indian Market Scenario

The India Warehousing Market Is Witnessing Significant Growth, Driving by Several's Factors That are Shaping its expansion and evolution. One of the primary drivers is the booming e-commerce sector, which demands extensive and efficient warehousing solutions to manage the supply chain and meet the increasing consumer expectations for fast delivery. The rise of online shopping has necessitated the development of large-scale, technologically advanced warehouses capable of handling high volumes of goods with precision and speed.

Why Indore, Madhya Pradesh

Indore, being a major city in Madhya Pradesh, offers excellent connectivity to various parts of India, making it an ideal location for businesses to showcase their innovations and network with industry leaders.

It serves as a strategic hub for warehousing, logistics, and supply chain industries.

The city's rapid industrial and commercial development attracts significant interest from warehousing, logistics, and supply chain sectors.

Indore's infrastructure and government initiatives promote the growth of logistics and warehousing, making it an ideal host city for such events.

OPTIMIZE TOMORROW
LEAD THE FUTURE ”

Impressive Indore: The Central Hub of Warehousing & Logistics Innovation

TVS Industrial & Logistics Parks (TVS ILP) is set to enter the Indore market with a Rs 2 billion investment to develop a Grade-A logistics park.

Madhya Pradesh Industrial Development Corporation has successfully Acquired the necessary land, totalling 112.6 hectares, for Multi-Modal Logistic Park in Pitampura.

National Logistics Policy (NLP) aims to reduce logistics costs, streamline processes, and promote the adoption of digital technologies like the Unified Logistics Interface Platform (ULIP).

Bharatmala and Sagarmala Projects aim to improve road and port connectivity, facilitating smoother logistics operations.

Indore benefits from improved road, rail, and air connectivity, supported by government infrastructure projects.

Fiscal support and investment promotion assistance are provided to attract businesses in the logistics and warehousing sectors.

TOP REASON TO EXHIBIT
